## FARM CASH RECEIPTS AND EXPENDITURES - 2000

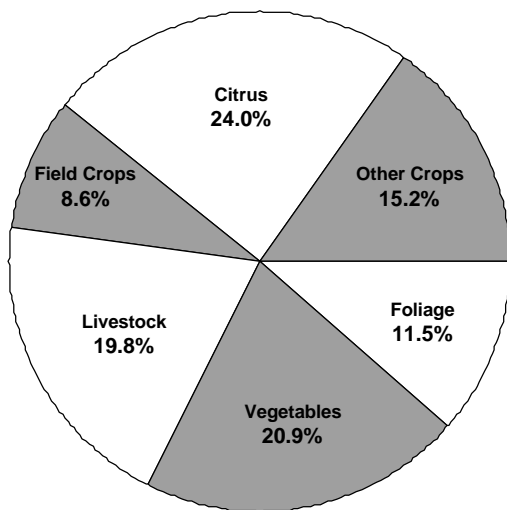

August 2001

### FLORIDA CASH RECEIPTS

The Economic Research Service, USDA, reports that receipts from Florida agricultural products in 2000 amounted to \$6.95 billion. This is a 1.4 percent increase from the previous year. Cash receipts from all crops increased 1.4 percent from 1999, and cash receipts from all livestock and livestock products increased by 1.3 percent.

Receipts from all crops accounted for 80.2 percent of all cash receipts. As in previous years, the leading crop commodities were oranges, foliage and floriculture, tomatoes, and sugarcane. The leading livestock commodities were milk, cattle and calves, and broilers.

**FLORIDA AGRICULTURE  
CASH RECEIPTS, 2000**

### CITRUS

Cash receipts from citrus crops amounted to \$1.67 billion dollars, a decrease of 2.9 percent from 1999. Sales of

citrus commodities accounted for 24.0 percent of all sales in Florida. (Receipts for citrus are on a "delivered in" basis without discounting picking and hauling costs.)

Sales of grapefruit were down from \$236 million in 1999 to \$193 million in 2000. Sales from oranges (\$1.4 billion) increased from the previous year.

### VEGETABLES AND MELONS

Cash receipts from vegetable and melon crops amounted to \$1.5 billion in 2000, up almost 4 percent from 1999, and accounted for 20.9 percent of the total cash receipts. Eggplant, potatoes, snap beans and squash decreased from a year earlier. Cucumbers, green peppers, radishes, lettuce and tomatoes accounted for the increase from last year. Receipts of tomatoes, at \$506.6 million, accounted for 35 percent of all vegetable and melon receipts and 7.3 percent of all cash receipts.

### FIELD CROPS

Receipts for field crops amounted to \$594.3 million, down 12.4 percent from last year. Sugarcane, at \$442.1 million, decreased 13.5 percent from 1999 and accounts for 74 percent of the field crop receipts and 6.4 percent of all cash receipts. Hay receipts, \$18.0 million, were down 21 percent from the previous year.

### LIVESTOCK

Total cash receipts from livestock and livestock products were \$1.38 billion, up 1 percent from the previous year, and account for 19.8 percent of all cash receipts. Milk receipts account for 28 percent of the receipts in this category, followed by cattle and calves (27 percent) and broilers (16 percent).

<sup>1/</sup> Final sector output is the gross value of the commodities and services produced within a year. Net value-added is the sector's contribution to the National economy and is the sum of the income from production earned by all factors-of-production. Net farm income is the farm operators' share of income from the sector's production activities. The concept presented is consistent with that employed by the Organization for Economic Cooperation and Development. <sup>2/</sup> A positive value of inventory change represents current-year production not sold by December 1. A negative value is an offset to production from prior years included in current-year sales.
